

Please don't let do anything that would affect our ability to hear our local Christian radio stations! In these days when you are fining som many for obscenities during broadcasts, and the lyrics of secular music, our Christian radio stations are really the only stations that you don't have to worry about your kids listening to. They are a positive, uplifting experience compared to many other stations. I listen to 2 - WBGL (91.7 out of Champaign), and K-Love out of Indidnapolis, IN and Columbus/Seymour, IN when I go to visit my mom.

PLEASE!!!! Don't let these stations get shut out by the proposed changes.
